INID CODES FOR IDENTIFICATION OF BIBLIOGRAPHIC DATA

INVENTIONS, UTILITY MODELS

- (10) Number of publication for application, which has been examined
- (11) Number of patent and kind of document
- (21) Serial number of application
- (22) Date of filing of the application
- (23) Date of exhibition or the date of the earlier filing and the number of application, if any
- (24) Date from which patent may have effect
- (31) Number of priority application
- (32) Date of filing of priority application
- (33) Code of the country or regional organization allotting priority application number
- (44) Date of publication of application not granted, but examined and number of bulletin
- (45) Date of publication of registered document
- (51) International Patent Classification Index
- (54) Title of the invention
- (57) Abstract
- (60) Number of examined patent document granted by foreign patent office, date from which patent has effect and country code
- (62) Number of the earlier application and in case of divided application, date of filing an application
- (71) Name, surname and address of applicant (country code)
- (72) Name, surname of inventor (country code)
- (73) Name, surname and address of patent owner (country code)
- (74) Name, surname of representative or patent attorney
- (85) Date of commencement of the national phase of International Application
- (86) Number and date of filing of international application
- (87) Number and date of publication of international application

DESIGNS

- (10) Number of publication for application
- (11) Number of patent and kind of document or number of registration
- (15) Date of registration/Date of patent renewal
- (18) Expected expiration date of patent or registration
- (21) Serial number of application
- (22) Date of filing of the application
- (23) Date of exhibition or the date of the earlier filing and the number of application, if any
- (24) Date from which patent may have effect
- (28) Number of designs included in the application
- (30) Data relating to priority (number of application, date of filing of application, two-letter code identifying the authority with whom the priority application was made)
- (31) Number of priority application
- (32) Date of filing of priority application
- (33) Code of the country or regional organization allotting priority application number
- (34) Two-letter code according to WIPO St.3 identifying the authority with which the priority application was made
- (44) Date of publication of design and number of bulletin (the first publication)
- (45) Date of publication of design registered by WIPO and number of bulletin
- (51) International Classification for designs (class and subclass of the Locarno Classification)
- (54) Title of the invention
- (55) Reproduction of the design
- (57) Description of characteristic features of the design including indication of colors
- (58) Date of recording of any kind of amendment in the Register
- (62) Number of the earlier application, registration and document number and if available the date of filing an application in case of divided application
- (71) Name, surname and address of applicant (country code)
- (72) Name, surname of creator (country code)
- (73) Name, surname and address of patent owner (country code)
- (74) Name, surname of representative or patent attorney
- (81) Contracting states concerned
 - II designated contracting states according to the 1960 Act
 - III designated contracting states according to the 1999 Act
- (85) Owner's permanent address
- (86) Owner's nationality
- (87) Owner's residence
- (88) State in which the owner has a real and effective industrial or commercial establishment

TRADEMARKS

- (111) – Number of registration
- (151) – Date of registration
- (156) – Date of the renewal
- (181) – Expected expiration date of registration
- (186) – Renewal expiration date of registration
- (141) – Date of cancel of duration of the mark
- (210) – Serial number of application
- (220) – Date of filing of the application
- (230) – Date concerning exhibition
- (260) – Number of application, for which favorable decision of examination about registration has been taken (publication number)
- (310) – Number of the first application
- (320) – Date of filing of the first application
- (330) – Code, identifying national or regional Office where the first application was made

- (800) – Certain data relating to the international registration of Trade Marks under the Protocol Relating to Madrid Agreement (International registration number)

CODES FOR PUBLICATION IN BULLETIN

- (21) AP 0000 000000 – serial number of application for invention
- (10) AP 0000 0000 A – number of published application for invention (first publication)
- (11) P 0000 0000 B – number of patent for invention (second publication)
- (21) API 0000 000000 – number of application for imported patent
- (11) PI 0000 0000 A – number of imported patent (first publication)
- (21) AU 0000 000000 – serial number of application for utility model
- (10) AU 0000 000 U – number of published application for utility model (first publication)
- (11) U 0000 000 Y – number of patent for utility model (second publication)
- (21) AD 0000 000000 – serial number of application for design
- (10) AD 0000 000 S – number of published application for design (first publication)
- (11) D 0000 000 S – number of patent for design (second publication)

INTERNATIONAL PATENT CLASSIFICATION FOR INVENTIONS AND UTILITY MODELS

- SECTION A – HUMAN NECESSITIES
- SECTION B – PERFORMING OPERATIONS; TRANSPORTING
- SECTION C – CHEMISTRY; METALLURGY
- SECTION D – TEXTILES; PAPER
- SECTION E – FIXED CONSTRUCTIONS
- SECTION F – MECHANICAL ENGINEERING; LIGHTING; HEATING; WEAPONS; BLASTING
- SECTION G – PHYSICS
- SECTION H – ELECTRICITY

-
- M – Trade Mark
 - (210) AM 0000 000000 – Serial number of application;
 - (260) AAM 0000 00000 A – Publication number of application;
 - (111) M 0000 00000 R – Number of registration;
 - (111) MMM0000 00000 Rn – Number of renewals, in which n=1,2,3;
 - (111) M 0000 00000 R(P) – Number of registration under partial assignment of rights

9 – Scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), control, regulating, life-saving and teaching apparatus and instruments; electronic control apparatus, units and systems; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data; communications equipment; data carriers for bearing pictures, sound and data; calculating machines; data processing equipment; computers; computer software and hardware; computer peripherals; fire-extinguishing apparatus; recorded data; information technology and audiovisual equipment; magnets, magnetizers and demagnetizers; apparatus, instruments and cables for electricity; optical devices, equipment, enhancers and correctors; safety, security, protection and signalling devices and equipment; navigation, guidance, positioning, tracking, targeting and map making devices; navigational instruments; measuring, detecting and monitoring instruments, devices, appliances and controllers; instruments, devices and appliances for measuring and indicating the rigidity, compaction degree, load bearing capacity and temperature of the ground, in particular of road surfaces and soil; temperature regulators; electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing; apparatus, instruments, software and hardware for tracking, monitoring, operating, remote controlling and technical testing of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines; testing and quality control devices; electrical testing instruments; electric and electronic apparatus for evaluating the operation of and faults with products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines; scientific research and laboratory apparatus; filtering units for laboratory use;

analysing and diagnostic apparatus (not for medical purposes); simulators; dosage devices; laser, infrared and ultrasound devices (not for medical purposes); lasers (not for medical purposes); switches; electric control boxes, switch cabinets and control boards; electric control panels; joysticks; sensors; detectors; light emitting diodes; horns for signalling; buzzers; luminous signs; optical reflectors; optical mirrors; radio transmitting and receiving apparatus; antennas; aerials as communications apparatus; transmitters; optical and electrical receivers; signalling apparatus and signalling panels of metal (luminous or mechanical); indicator boards; levelling instruments, devices and apparatus; remote control apparatus; electric and electronic devices for the lifting or lowering of machines or machine parts; oil level indicators; components for electrical circuits; cables and wires (electricity); electric connection components; electric relays; fuses; terminals (electricity); electrical circuits and circuit boards; audio devices and radio receivers; speakers; graphic equalizers; batteries; battery chargers; electrical amplifiers; protective and safety clothing for protection against accident or injury; protective shoes; protective helmets; eyeglasses, in particular safety glasses for protecting the eyes and sun glasses; exposed films for educational purposes; cinematographic films for educational purposes; key cards (encoded); parts and fittings for all the aforesaid goods, included in this class.

12 – Transport vehicles; truck tractors; load carrying trailers; low-loading vehicles; towing trucks; trucks; trailers for motor land vehicles; tipping bodies for vehicles; waggons; steering wheels; wheels; tyres; wheel rims; inner tubes for tyres; repair outfit for tyres and inner tubes for tyres; powertrains, including engines and motors, for land vehicles; coupling and power transmission components for land vehicles; driving chains and transmission shafts for land vehicles; body parts for vehicles; radiator grills for vehicles; undercarriages; braking systems, brakes, brake calipers, brake shoes and brake linings for vehicles; scrapers for tyres; windscreen wipers; adapted tarpaulins for use with vehicles and vehicle trailers; adapted coverings for use with vehicles and vehicle trailers; alarm systems for vehicles; mirrors for vehicles; air pumps for tyres; parts and fittings for all the aforesaid goods, included in this class.

14 – Precious metals and their alloys, and imitations thereof; precious stones and pearls, and imitations thereof; model vehicles and machines (ornaments) made of precious metal; jewellery; horological and chronometric instruments; jewellery and watch boxes; key rings (trinkets or fobs); statues, figurines, ornaments, coins and tokens, made of or coated with precious or semi-precious metals or stones, or imitations thereof; works of art made of precious metal; parts and fittings for all the aforesaid goods, included in this class.

16 – Paper; cardboard; printed matter; paper goods; stationery; writing and stamping implements; ball-point pens; fountain pens; pencils; drawing materials; cases for stationery and drawing materials; pictures; photographs; post cards; picture post cards; pop-up greeting cards; greeting cards; decalcomanias; trading cards (other than for games); graphic prints; diagrams; blueprints (plans); maps made of paper or flexible plastics; newspapers; periodicals; magazines (periodicals); books; booklets; catalogues; reference books; manuals; note books; calendars; albums; book markers; stamps; labels (not of textile); decoration and art materials and media; envelopes for stationery use; glue for stationary or household use; painters' brushes; office requisites (except furniture); instructional and teaching material (except apparatus); works of art and figurines of paper or cardboard, and architectural models; coasters of paper or cardboard; filtering materials of paper; bags and articles for packaging, wrapping and storage of paper, cardboard or plastics; money holders; disposable paper products; parts and fittings for all the aforesaid goods, included in this class.

17 – Seals, sealants and fillers; insulation, damping and barrier materials; flexible pipes, tubes, hoses, and fittings therefor, including valves; non-metallic pipes, tubes and hoses (not for building purposes); non-metallic couplings and connectors for pipes, tubes, hoses and cables; semi-finished plastic goods; plastics in the form of sheets, films, blocks, rods and tubes; unprocessed and semi-processed materials (not adapted for a specific use), included in this class, namely, polyester, mineral fibers, flexible plastic films (other than for packaging), semi-processed plastics, plastic fibers (not for use in textiles), recycled plastics, elastomers, synthetic and composite materials, namely, carbon fibers, cellulose acetate, glass fibers and glass wool, cellulose, fibers impregnated with synthetic resins; finished or semi-finished products (adapted for a specific use), included in this class, namely, ebonite moulds, moulds of rubber for use in the production of path edgings, semi-finished rubber in the form of mouldings, semi-processed injection moulding plastics, shock-absorbing materials, packing materials, vibration dampers, statues and works of art, namely, figurines made from rubber and decorative plastic films being semi-finished products, anti-dazzle films for windows (tinted), rubber covers for electrical components, rubber covers for switches, plastic masking films (other than for packaging), drum coverings of rubber (semi-finished products), sealing rings, cylinder jointings, spacers (except fasteners for pipes), sealing membranes and semi-processed synthetic filtering materials, adhesive tapes, strips, bands and films, clutch linings, tyre restoration and repair materials, marker tapes and protective rubber articles; parts and fittings for all the aforesaid goods, included in this class.

18 – Luggage, bags, wallets and other carriers; backpacks; umbrellas and parasols; walking sticks; saddlery; parts and fittings for all the aforesaid goods, included in this class.

25 – Clothing; footwear; headgear; parts and fittings for the aforesaid goods, included in this class.

28 – Model vehicles and machines (scaled down); model vehicles and machines (playthings); toys, games, playthings and curios; sporting articles and equipment; festive decorations (included in this class) and artificial Christmas trees; parts and fittings for all the aforesaid goods, included in this class.

34 – Smokers' articles, in particular lighters; ashtrays; matches; parts and fittings for all the aforesaid goods, included in this class.

35 – Business management; business administration; advertising; dissemination of advertisements; rental of advertising spaces; marketing and sales promotion services; business administration consultancy; business and organisational consultancy; business information services; product demonstrations and product presentation services, also via the internet; conducting and organization of fairs for commercial and advertising purposes; commercial trading and consumer information services, namely auctioneering services, organizing of business contacts, collective buying services, evaluations relating to commercial matters, arranging of competitions, agency business services, import and export services, negotiation and intermediation services, ordering services, price comparison services, acquisition services for third parties, subscription services; business analysis, research and information services; data processing (office functions); electronic collecting of data; compilation and systematization of data and information in electronic databases; quality management, namely process optimisation through organisational planning; compilation of statistics; cost-benefit analysis; cost-price-analysis; business studies concerning capacity utilisation; business project management; organisational project management and organisational management of vehicle and machine fleets, and related organisational and business consultancy; operating an information, complaints and emergency hotline, also online, namely taking, collecting and forwarding customer requests or customer complaints by telephone or electronic means; import-export agencies services; organisational scheduling of the operating time and location of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines; business relocation services; sponsorship search; retail and wholesale services, also via the internet, in relation to industrial oils and greases, motor oil, gear oil, lubricants, dust removing preparations,

preparations for dust absorbing, dust wetting and dust binding, non-chemical additives for fuels, combustibles, lubricants and industrial oils, fuels (including motor spirits), lighting fuels, industrial greases, waxes and fluids, releasing agents in the form of oils and greases, mechanical equipment for construction, earthmoving, crushing, processing, mining and agriculture, pumps, compressors, generators, fans, moving and handling equipment, lifting and hoisting equipment, engines, powertrains, generic machine parts, machine coupling and power transmission components (except for land vehicles), filters (parts of machines or engines), filter housings (parts of machines or engines), construction machines, mechanical, pneumatic, hydraulic and electric construction implements (other than hand-operated), machines and mechanical implements for construction, winning, mining, processing, demolition and agriculture, in particular rock breaking machines, concrete breaking machines, compacting machines, compacting implements, densifiers, road rollers, earthmoving rollers, compactors, tandem rollers, rubber wheeled rollers, static rollers, grader rollers, bulldozers, graders and soil working machines, binding agent, gravel and chip spreaders, rammers (machines), machines and mechanical implements for road construction, earthmoving, open-cast and underground mining, structural and civil engineering, soil working, road working, stone working, asphalt working, concrete working, road repair, recycling of road surfaces, recycling of asphalt, recycling of bitumen, road demolition, breaking road surfaces, crushing, breaking, road surface working, waste dump construction, soil stabilization and compacting, compacting machines and implements, in particular for earthmoving, road construction and waste dump construction, parts of machines, in particular tools, rollers, drums, vibration rollers and drums, oscillation rollers and drums, rollers and drums for compacting, breaking and crushing, travel drives, vibration drives, oscillation drives, motors, drive units, hybrid drives, hydraulic plates, vibratory plates (vibrating compactor plates), vibrators, drive elements, suspensions, control mechanisms, joints, wearing parts, spare parts, high-performance tools of hard metal, compacting tools, crushing tools, breaking tools, milling tools, tool holders, change tool holder systems, coverings for rollers and drums, drum housings, body parts, chassis, drivers cabs, steering stands, mirrors, tanks, water tanks, breaking and crushing bars, breaking and crushing plates, braking systems, brakes, brake linings, brake calipers and brake shoes, hand-held tools (other than hand-operated), tools for machines, loosening tools for closing caps (other than hand-operated), power tools, mechanical tools, automatic tools, hydraulic tools (other than hand-operated), pneumatic tools (other than hand-operated), mechanical equipment for the lifting and lowering of machines and machine parts,

tubes being fitted parts of machines, mechanical, hydraulic and pneumatic control mechanisms, covers and cover parts, in particular in the form of chains, rings and bands, for machine parts, in particular for rollers and drums, fairings and fairing parts, in particular in the form of chains, rings and bands, for machine parts, in particular for rollers and drums, adapted tarpaulins for use with machines, adapted coverings for use with machines, sparking plugs, starters, jacks (machines), electric, pneumatic and hydraulic jacks, hand tools and implements (hand-operated), in particular for treatment of materials and for construction, repair and maintenance, loosening tools for closing caps (hand-operated), lifting tools, hand-operated pumps for lubricants and industrial oils and greases, hand-operated implements for dispensing lubricants and industrial oils and greases, drums for reeling and unwinding strings and ropes, vices, hand-operated jacks, scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), control, regulating, life-saving and teaching apparatus and instruments, electronic control apparatus, units and systems, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data, communications equipment, data carriers for bearing pictures, sound and data, calculating machines, data processing equipment, computers, computer software and hardware, computer peripherals, fire-extinguishing apparatus, recorded data, information technology and audiovisual equipment, magnets, magnetizers and demagnetizers, apparatus, instruments and cables for electricity, optical devices, equipment, enhancers and correctors, safety, security, protection and signalling devices and equipment, navigation, guidance, positioning, tracking, targeting and map making devices, navigational instruments, measuring, detecting and monitoring instruments, devices, appliances and controllers, instruments, devices and appliances for measuring and indicating the rigidity, compaction degree, load bearing capacity and temperature of the ground, in particular of road surfaces and soil, temperature regulators, electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing, apparatus, instruments, software and hardware for tracking, monitoring, operating, remote controlling and technical testing of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, testing and quality control devices, electrical testing instruments, electric and electronic apparatus for evaluating the operation of and faults with products of mechanical and electrical engineering, products for

structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, scientific research and laboratory apparatus, filtering units for laboratory use, analysing and diagnostic apparatus (not for medical purposes), simulators, dosage devices, laser, infra-red and ultrasound devices (not for medical purposes), lasers (not for medical purposes), switches, electric control boxes, switch cabinets and control boards, electric control panels, joysticks, sensors, detectors, light emitting diodes, horns for signalling, buzzers, luminous signs, optical reflectors, optical mirrors, radio transmitting and receiving apparatus, antennas, aerials as communications apparatus, transmitters, optical and electrical receivers, signalling apparatus and signalling panels of metal (luminous or mechanical), indicator boards, levelling instruments, devices and apparatus, electrostatic separators, remote control apparatus, electric and electronic devices for the lifting or lowering of machines or machine parts, oil level indicators, components for electrical circuits, cables and wires (electricity), electric connection components, electric relays, fuses, terminals (electricity), electrical circuits and circuit boards, audio devices and radio receivers, speakers, graphic equalizers, batteries, battery chargers, electrical amplifiers, protective and safety clothing for protection against accident or injury, protective shoes, protective helmets, eyeglasses, in particular safety glasses for protecting the eyes and sun glasses, exposed films for educational purposes, cinematographic films for educational purposes, key cards (encoded), transport vehicles, truck tractors, load carrying trailers, low-loading vehicles, towing trucks, trucks, trailers for motor land vehicles, tipping bodies for vehicles, waggons, steering wheels, wheels, tyres, wheel rims, inner tubes for tyres, repair outfit for tyres and inner tubes for tyres, powertrains, including engines and motors, for land vehicles, coupling and power transmission components for land vehicles, driving chains and transmission shafts for land vehicles, body parts for vehicles, radiator grills for vehicles, undercarriages, braking systems, brakes, brake calipers, brake shoes and brake linings for vehicles, scrapers for tyres, windscreen wipers, adapted tarpaulins for use with vehicles and vehicle trailers, adapted coverings for use with vehicles and vehicle trailers, alarm systems for vehicles, mirrors for vehicles, air pumps for tyres, precious metals and their alloys, and imitations thereof, precious stones and pearls, and imitations thereof, model vehicles and machines (ornaments) made of precious metal, jewellery, horological and chronometric instruments, jewellery and watch boxes, key rings (trinkets or fobs), statues, figurines, ornaments, coins and tokens, made of or coated with precious or semi-precious metals or stones, or imitations thereof, works of art made of precious metal, paper, cardboard, printed matter, paper goods, stationery, writing and

stamping implements, ballpoint pens, fountain pens, pencils, drawing materials, cases for stationery and drawing materials, pictures, photographs, post cards, picture post cards, pop-up greeting cards, greeting cards, decalcomanias, trading cards (other than for games), graphic prints, diagrams, blueprints (plans), maps made of paper or flexible plastics, newspapers, periodicals, magazines (periodicals), books, booklets, catalogues, reference books, manuals, note books, calendars, albums, book markers, stamps, labels (not of textile), decoration and art materials and media, envelopes for stationery use, glue for stationary or household use, painters' brushes, office requisites (except furniture), instructional and teaching material (except apparatus), works of art and figurines of paper or cardboard, and architectural models, coasters of paper or cardboard, filtering materials of paper, bags and articles for packaging, wrapping and storage of paper, cardboard or plastics, money holders, disposable paper products, seals, sealants, fillers, insulation, damping and barrier materials, flexible pipes, tubes, hoses, and fittings therefor, including valves, non-metallic pipes, tubes and hoses (not for building purposes), non-metallic couplings and connectors for pipes, tubes, hoses and cables, semi-finished plastic goods, plastics in the form of sheets, films, blocks, rods and tubes, unprocessed and semi-processed materials (not adapted for a specific use), namely, polyester, mineral fibers, flexible plastic films (other than for packaging), semi-processed plastics, plastic fibers (not for use in textiles), recycled plastics, elastomers, synthetic and composite materials, namely, carbon fibers, cellulose acetate, glass fibers and glass wool, cellulose, fibers impregnated with synthetic resins, finished or semi-finished products (adapted for a specific use), namely, ebonite moulds, moulds of rubber for use in the production of path edgings, semi-finished rubber in the form of mouldings, semi-processed injection moulding plastics, shock-absorbing materials, packaging materials, vibration dampers, statues and works of art, namely, figurines made from rubber and decorative plastic films being semi-finished products, anti-dazzle films for windows (tinted), rubber covers for electrical components, rubber covers for switches, plastic masking films (other than for packaging), drum coverings of rubber (semi-finished products), sealing rings, cylinder jointings, armatures, connectors, spacers (except fasteners for pipes), sealing membranes and semi-processed synthetic filtering materials, adhesive tapes, strips, bands and films, clutch linings and brake linings, tyre restoration and repair materials, marker tapes and protective rubber articles, luggage, bags, wallets and other carriers, backpacks, umbrellas, parasols, walking sticks, saddlery, clothing, footwear, headgear, model vehicles and machines (scaled down), model vehicles and machines (playthings), toys, games, playthings, curios, sporting articles and equipment, festi-

ve decorations, artificial Christmas trees, smokers' articles, in particular lighters, ashtrays, matches, as well as parts and fittings for the aforesaid goods; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class.

36 – Insurance services; real estate services; pawn-brokerage; financial, monetary and banking services; fundraising and sponsorship; financial management services and real estate management services; finance services; financial consultancy, appraisals and valuations; financial analyses; financing and funding services; arranging of financing and funding; leasing and hire-purchase services (terms considered too vague by the International Bureau – rule 13.2.b) of the Common Regulations); consultancy with regard to financing, funding, leasing and hire-purchase; bonding, warranty and guarantee services; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class.

37 – Construction; construction supervision; construction consultancy; building, construction and demolition; soil stabilization services; soil compacting services; mining services; earth moving services; road construction; canal construction; waste dump construction; crushing services in respect of solids (included in this class); hire, rental and leasing of construction machines, compacting machines, compacting implements, densifiers, road rollers, earthmoving rollers, compactors, tandem rollers, rubber wheeled rollers, static rollers and grader rollers, and parts thereof; installation, cleaning, repair and maintenance services with respect to construction machines, compacting machines, compacting implements, densifiers, road rollers, earthmoving rollers, compactors, tandem rollers, rubber wheeled rollers, static rollers and grader rollers, and parts thereof; installation, cleaning, repair and maintenance services with respect to computer hardware, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; installation, cleaning, repair and maintenance services with respect to structures, in particular buildings, canals and roads; rust-proofing; application of surface coatings, in particular application of protective surface coatings; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class; technical consultancy with regard to construction; technical consultancy with regard to soil compacting and soil stabilization.

38 – Telecommunication services; communications services for the exchange of data in electronic form; communication via digital transmission, radio, computer, internet, satellite, telematics and cable; telematics services (included in this class); providing access to electronic databases and electronic communications networks; leasing access time to electronic databases and electronic communications networks; leasing access time for enabling the use of non-downloadable on-line software; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class; providing electronic access to position data and satellite correction signals.

41 – Education; instruction; organising, arranging and conducting courses, workshops and seminars; training, in particular concerning safety at work and the operation, usage, repair and maintenance of vehicles, apparatus and machines, and parts thereof; services of a training facility for obtaining a driving licence; provision of club education services; entertainment; organising and conducting lotteries, competitions and contests; provision of fan club services in the nature of entertainment, education, sporting activities and cultural activities; provision of club entertainment services; sporting and cultural activities; publishing and reporting; production of films for educational purposes; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class.

42 – Scientific and technological services and research; industrial analysis and research services; technical planning and consultancy; technical project planning; construction planning; IT services, namely development, programming, installation, implementation, updating, maintenance and repair of computer software, development of computer hardware, hosting services, software as a service [SaaS], rental of software, rental of computer hardware and facilities, IT consultancy, advisory and information services, IT security, protection and restoration services (terms considered too vague by the International Bureau – rule 13.2.b) of the Common Regulations), data duplication and conversion services, data coding services, computer analysis and diagnostics, research and development and implementation of computers and computer systems, computer programming, computer project management services, data mining, computer services (included in this class), technological services relating to computers, computer network services, data migration services, technological services, namely generating, recording and analysing of position data and satellite correction signals, updating of websites for third parties and

monitoring of computer systems by remote access; testing, authentication and quality control; technical consultancy with regard to products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; technological consultancy with regard to the operation of vehicles, apparatus and machines, and parts thereof; design services; engineering services; research in the fields of mechanical engineering, electrical engineering and construction; geological research and prospecting; product research and development; development of industrial processes; development of new products and technologies for third parties; development of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; constructional planning and design; safety testing and technical testing (also by remote access) of computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; troubleshooting and fault diagnosis regarding computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; remote controlling, remote monitoring, remote maintenance and electronic tracking of computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof (terms considered too vague by the International Bureau – rule 13.2.b) of the Common Regulations); measurement services; preparation of technical surveys; weather forecast services; technical development of models and concepts to be implemented for the operation, production and logistics of commercial enterprises; planning and development of construction projects and projects for the compacting of soil and stabilization of soil; laboratory services; chemistry services; physics services; architectural services; technical drawing; urban planning; technical construction planning; technical development of usage concepts for computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles, apparatus and machines, and parts thereof; technical project management; technical testing services; technological services, namely generating and analysing of data concerning construction processes, soil compacting processes and soil stabilization processes; technical assessment of data concerning construction processes, soil compacting pro-

cesses and soil stabilization processes; electronic recording of data; hire, rental and leasing of goods associated with the provision of all the aforesaid services, included in this class; consultancy and information services relating to all the aforesaid services, included in this class; structural and civil engineering.
