INID CODES FOR IDENTIFICATION OF BIBLIOGRAPHIC DATA

INVENTIONS, UTILITY MODELS

- | | |
|--|---|
| (10) Number of publication of examined application/
Application publication number*** | (51) International Patent Classification Index |
| (11) Patent number/ Patent number***
Registered utility model number*** | (54) Title of the invention/title of the utility model |
| (21) Application number | (57) Abstract |
| (22) Date of filing of the application | (60) Number of examined patent document granted by foreign patent office, date from which patent
has effect and country code |
| (23) Date of exhibition priority | (62) Number and filing date of the earlier application in case of a divisional application |
| (24) Date from which patent may have effect | (71) Name and address of applicant (country code) |
| (31) Number of priority application | (72) Name of inventor (country code) |
| (32) Date of filing of priority application | (73) Name and address of patent owner/patent owner***/ registered utility model owner***
(country code) |
| (33) Code of the country or regional organization allotting priority application number | (74) Name of representative or patent attorney |
| (43) Date of publication of application, number of bulletin*** | (85) Date of commencement of the national phase of international application (PCT) |
| (44) Date of publication of examined application, on which no grant has taken place and
number of bulletin | (86) Number and date of filing of international application (PCT) |
| (45) Date of publication of patent/ Date of publication of patent***
Date of publication of registered utility model*** | (87) Number and date of publication of international application (PCT) |
| | (94) Calculated date of expiry of the SPC or the duration of the SPC |

DESIGNS

- | | |
|---|--|
| (10) Number of publication for application | (51) International Classification for designs (class and subclass of the Locarno
Classification) |
| (11) Number of patent and kind of document or number of registration | (54) Title of the invention |
| (15) Date of registration/Date of patent renewal | (55) Reproduction of the design |
| (18) Expected expiration date of patent or registration | (57) Description of characteristic features of the design including indication of colors |
| (21) Serial number of application | (58) Date of recording of any kind of amendment in the Register |
| (22) Date of filing of the application | (62) Number of the earlier application, registration and document number and if available the date
of filing an application in case of divided application |
| (23) Date of exhibition or the date of the earlier filing and the number of application, if any | (71) Name, surname and address of applicant (country code) |
| (24) Date from which patent may have effect | (72) Name, surname of creator (country code) |
| (28) Number of designs included in the application | (73) Name, surname and address of patent owner (country code) |
| (30) Data relating to priority (number of application, date of filing of application, two-letter code
identifying the authority with whom the priority application was made) | (74) Name, surname of representative or patent attorney |
| (31) Number of priority application | (81) Contracting states concerned
II designated contracting states according to the 1960 Act
III designated contracting states according to the 1999 Act |
| (32) Date of filing of priority application | (85) Owner's permanent address |
| (33) Code of the country or regional organization allotting priority application number | (86) Owner's nationality |
| (34) Two-letter code according to WIPO St.3 identifying the authority with which the priority
application was made | (87) Owner's residence |
| (44) Date of publication of design and number of bulletin (the first publication) | (88) State in which the owner has a real and effective industrial or commercial establishment |
| (45) Date of publication of design registered by WIPO and number of bulletin | |

TRADEMARKS

- | | |
|---|--|
| (111) – Number of registration | (540) – Reproduction of Trade Mark |
| (151) – Date of registration | (550) – Nature and kind of Trade Mark |
| (156) – Date of the renewal | (551) – Indication to the effect that the mark is a collective mark, a certification mark or a guarantee mark |
| (181) – Expected expiration date of registration | (554) – Three-dimensional mark |
| (186) – Renewal expiration date of registration | (580) – Date of recording of any kind changes in respect of applications or registrations |
| (141) – Date of cancel of duration of the mark | (591) – Information concerning colors claimed |
| (210) – Serial number of application | (731) – Name and address of the applicant |
| (220) – Date of filing of the application | (732) – Name and address of the holder of the registration |
| (230) – Data concerning exhibition | (740) – Name and address of the representative |
| (260) – Number of application, for which favorable decision of examination about registration has
been taken (publication number) | (750) – Addreses for correspondence |
| (310) – Number of the first application | (770) – Name and address of the previous applicant or holder in case of change in ownership |
| (320) – Date of filing of the first application | (771) – Previous name and address of the applicant or holder in case of change in ownership |
| (330) – Code, identifying national or regional Office where the first application was made | (791) – Name and address of the licensee |
| (511) – International Classification of Goods and Services for the purposes of registration of trade
marks and/or list of goods and/or services classified according thereto | (793) – Indication of conditions and/or restrictions under the license (Type of license, number of
license agreement, data of license, data of validity of license) |
| (526) – Disclaimer | (800) – Certain data relating to the international registration of Trade Marks under the
Protocol Relating to Madrid Agreement (International registration number) |
| (531) – Description of figurative elements of Trade Marks according to the International
Classification of the Figurative Elements of Marks | (852) – Partial cancellation of the list of goods and services |
| | (891) – Date of subsequent designation |

(54) PULVERULENT, POLYMER-MODIFIED
ADDITIVE FOR CONCRETE AND PRO-
CESS FOR PRODUCING A CONCRETE
(57) The invention relates to a pulverulent, polymer-
modified additive for concrete which contains as
component (a) 55% to 99.5% by weight of a core-
shell polyacrylate having a glass transition tempe-
rature T_{gk} of the core $\leq -10^{\circ}\text{C}$ and a glass transition
temperature T_{gs} of the shell $> 0^{\circ}\text{C}$; (b) 0.5% to 5% by
weight of a pyrogenic or colloidal silica; (c) 0% to 8%
by weight of a modified polycarboxylate ether; and
(d) 0% to 35% by weight of a chalk having a d_{50}
value $\leq 8\text{ }\mu\text{m}$, wherein the % by weight values are in
each case based on the sum of the components.

(54) CONTACT BLADE FOR HIGH-VOLTAGE
EQUIPMENT
(57) The device relates to electrical engineering and
can be used in blades for disconnect switches and
earthing switches. A contact blade comprises blade
members having a contact surface, which are fastened
in cantilever fashion and are grouped in rows. Each of
the rows of blade members is enclosed inside a
common casing for preventing the rows of blade
members from freezing together. The casing has a
surface with low ice adhesion. The casing extends at
least from the point of attachment of the blade
members up to the contact surface thereof, or can
extend along the entire length of the blade members
with a cutout being provided at the contact surface.
For draining water from inside the casing, holes are
provided in the lower part thereof.

- (54) METHOD FOR PRODUCTION OF PROPHY-
LACTIC LACTIC ACID BEVERAGE BASED
ON SECONDARY RAW MATERIALS OF
MILK
- (57) An invention relates to food industry, in particular
to milk production, and useful to prepare prophylactic
lactic acid beverage on the basis of secondary raw
materials of milk processing. A method provides the
pasteurization of raw milk, cooling to coagulation
temperature, adding bacterial mother, adding various
additives and fillers, homogenizing, cooling and
pouring, differs in that as initial raw material the milky
composition consisting of skimmed milk, milk whey
and milk rennet, with a ratio of 1.0:2.0:0.2 is used; and
as bacterial mother the composition composed from
concentrated microbial mass of matsoni, kefir, yogurt,
traditional bacterial mothers and propionic acid
bacteria, in a ratio of 1.0: 1.0:0.5:0.5 is used; palatinose
(isomaltulose) is used as a sweetener; water fruit puree
and chalapshat juice are used as fillers; decoction of
flax copton flour and amaranth flour prepared by
mixing the flours in a ratio of 1:1 is used as a stabilizer
by adding triple amount of milk permeate having a
temperature of 80-85°C to the flour with intense
stirring and further cooling to coagulation temperature.

In addition, the recipe componentry are taken in the
following ratio, mass%: milk composition 70-72;
bacterial mother composition 3.0-3.5; mixture of
flaxseed flour and amaranth flour 6.0-10.0; palatinose
2.5-3.5; fruit puree 3.5-5.5; and rest is buckwheat
juice.

The beverage obtained with proposed method has soft
consistency, natural color, original aroma of plant
componentry (juice and chalapshat fruit, flax extract,
amaranth). Selected ratio of ingredients provides high
nutritional and biological value of beverage, increasing
preventive properties at the expense of constituent
componentry of beverage. The beverage is low-calorie
and characterized with wide range of effects on a
person.

(54) SYSTEM FOR EMBRYO TRANSFER
(57) An apparatus (100) suitable for delivering a
fertilized egg or embryo into a maternal uterine
endometrium in humans or any other mammalian
species, comprising a body (110) configured to fit
within a lumen of the female reproductive system. The
body (110) comprises one or more lumens extending
from a proximal end (130) of the body (110) to a distal
portion of the body (110) and having a distal opening
(150) at the distal portion of the body (110), wherein a
first lumen (120) of the one or more lumens slidably
receives an inner body (160) having a distal end
suitable for penetrating the endometrial epithelium.
The inner body (160) comprises an inner lumen for

receiving a fertilized egg. An actuator (195) is operable to expel the fertilized egg from the inner lumen. A covering layer (170a) at least partially covers the distal opening of at least one lumen of the one or more lumens and at least partially covers the distal opening (150) of the first lumen (120) and the inner body (160) is configured to perforate through the covering layer (170a) when the inner body (160) is advanced out from the distal opening (150) of the body (110).

 FASTENING SYSTEM
 (57) Lock assembly includes a lock body with a bore extending from a top surface to a lateral side surface and a pin configured for receipt in the bore. A wear member configured for use with the lock assembly has an upper leg, a passage extending through the upper leg, and a fixation base recess formed into a lower side of the upper leg. The fixation base recess extends laterally between two opposing channels each having a lower surface angled downward toward each other. A fixation base configured for use with the lock assembly has a central opening extending through the top surface and bounded at a front side by a lock wall configured to engage a portion of a lock. Opposing first and second wings extend upward and laterally outward away from the central opening and have a lower surface angled downward toward the central opening.

(54) WEAR MEMBER ASSEMBLY WITH
COLLARED FASTENING ASSEMBLY

(57) Fastening assembly may comprise a collar and a pin. The collar may have an aperture, a collar lock, which projects from an outer surface, and a pin lock, which is disposed on a portion of the aperture. The collar lock may be compressible and configured to elastically deform while introducing the collar to a wear member. The pin may have a pin lock engagement hole shaped to engage with the pin lock as it is inserted through the aperture of the collar. The fastening system may be used in a wear member assembly. The wear member may have a side opening in communication with a cavity formed on one end of the wear member. The side opening may have a collar lock engagement hole. The collar may be inserted into the side opening so that the collar lock engages the collar lock engagement hole. Methods and assemblies thereof.

(54) EXCAVATING ASSEMBLY SYSTEM WITH
COLLARED FASTENING SYSTEM

(57) Lock assembly for securing a wear member to a support structure includes a collar and a pin. The collar includes a top surface, a bottom surface opposite the top surface, an outer circumferential profile including at least eight planar surfaces extending around a perimeter of the collar between the top and bottom surfaces, and a bore extending along a central axis from the top surface to the bottom surface. The pin is configured for receipt in the bore of the collar.

(54) VORTEX MICROHYDROELECTRIC
POWER STATION

(57) 1. Technical Result

The possibility of product unification and mass
production.

2. Essence

Vortex microhydroelectric power station contains
vertical pressing cell 1, executed as guiding spirals 2
and placed in central part thereof from inner side of
wall the hydro turbine 3, and telescopic inlet channel 4
peripherally connected to upper edge thereof, and
executed as a tube the output channel 5 connecting
whereto pressure cell the vertical 6 and end parts 7 are
telescoping; at that, the bottom of inlet channel 4 is
connected to the inlet of pressing cell 1 through
horizontal joint 8, and between the vertical 6 and end 7
parts of outlet channel it is hermetically 9 connected
thereto, and spherical-sector tubular sections 10 are
slidely inserted in each other.

Reflective shield may be fixed above vertical pressing
cell during the flooding.

3. Field of Usage

Jet type hydro aggregates to generate electricity on
small rivers.

ment, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; corporate communications services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; layout services for advertising purposes for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; appointment reminder services (office functions) for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; data processing services (office functions) for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; website traffic optimization for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control

of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; price comparison services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; price comparison services of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player – for third parties, which are not members of the above-mentioned computer software platform; preparation of business profitability studies for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; market intelligence services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; photocopying services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control

of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; procurement services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player (purchasing goods and services for other businesses); media relations services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; appointment scheduling services (office functions) for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; gift registry services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; business consulting services for digital transformation for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process re-

garding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; lead generation services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; business intermediary services relating to the matching of various professionals with users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; advertising services to create brand identity for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; public relations for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; commercial lobbying services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, inc-

luding, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; commercial intermediation services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; data search in computer files for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; sponsorship search for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; search engine optimization for sales promotion for businesses of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; presentation of manufactured goods and/or provided services of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports,

e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, on communication media, for retail purposes – for third parties, which are not members of the above-mentioned computer software platform; presentation of goods/services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, on communication media, for retail purposes; conducting of commercial events for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; conducting of commercial events, organized by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; rental of billboards (advertising boards) for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; publicity material rental for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process re-

garding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; rental of advertising time on communication media for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; publication of publicity texts for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; publication of publicity texts of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; registration of written communications and data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; pay per click advertising for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but

not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; pay per click advertising of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player – for third parties, which are not members of the above-mentioned computer software platform; outdoor advertising for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; outdoor advertising of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player – for third parties, which are not members of the above-mentioned computer software platform; online advertising on a computer network for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; online advertising on a computer network of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning

process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player – for third parties, which are not members of the above-mentioned computer software platform; distribution of samples for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; distribution of samples of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player – for third parties, which are not members of the above-mentioned computer software platform; dissemination of advertising matter for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; dissemination of advertising matter of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; development of advertising concepts for users of the

B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; business investigations for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; systemization of information into computer databases for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; drawing up of statements of accounts for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; compiling indexes of information for commercial or advertising purposes for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; consumer profiling for commercial or marketing purposes for users of the B2B

(business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; sales promotion for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; promotion of manufactured goods and/or provided services of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, through sponsorship of sports events – for third parties, which are not members of the above-mentioned computer software platform; promotion of manufactured goods and/or provided services of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, through influencers – for third parties, which are not members of the above-mentioned computer software platform; production of advertising films for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but

not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; transcription of communications (office functions) for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; negotiation and conclusion of commercial transactions for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; professional business consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; the bringing together of the commercial information regarding the list of provided goods/services in the sphere of implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, enabling buyers, sellers and third parties to conveniently view and purchase those goods/services via B2B (business-to-business) computer software platform, as well as receive the necessary information about these goods/services (including the advertising information) via Internet webpages and websites.

38 – Telecommunications services; providing access to databases; providing information in the field of telecommunications; providing Internet chatrooms;

providing online forums; video-on-demand transmission; transmission of electronic mail; computer aided transmission of messages and images; transmission of digital files; message sending; streaming of data; wireless broadcasting; telecommunications services for providing access to the B2B (business-to-business) computer software platform and related electronic multimedia data (video files, audio files, image files and text files), which are intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; providing information in the field of telecommunications, which is used in the implementation, management, maintenance, support, monitoring and control of the functioning process regarding the B2B (business-to-business) computer software platform for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; providing access to secured and personalized electronic accounts of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, information about the contact details and requisites of customers, list of completed business operations and the processing status of current orders, statements of accounts, list of completed contactless payments and the processing status of contactless payments regarding the purchase/sale of services in the above-mentioned area, available payment solutions and payment methods, detailed statistics and electronic reporting concerning marketing data and advertising promotion data, list of provided services and their lan-

guage and geographic localization and personalization, available loyalty, incentive, bonus, affiliation, agent programs and other special offers; providing access to information databases for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, list of available complex and individual offers in the above-mentioned area, back office tools, including, but not limited to, collection and analysis of detailed statistics and reporting using any metrics, control of cash flows, operational indicators and other financial data, marketing tools, CMS and CRM systems; providing 24-hour multi-lingual communications services, namely, providing internet chatrooms and online forums (including individual) for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; providing 24-hour multi-lingual communications services, namely, providing internet chatrooms and online forums (including individual), data communication by email and provision of telecommunications connections for hotlines to connect users and the technical support service of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; data transmission for others relating to proces-

sing status of contactless payments, administration, authentication and security control of contactless payments regarding the purchase/sale of services in the above-mentioned area, features and aspects of the implementation of available complex and individual offers in the above-mentioned area, back office and marketing tools, including, but not limited to, loyalty, incentive, bonus, affiliation, agent programs and other special offers, CMS and CRM systems, setting up, updating, optimization and troubleshooting in the functioning of all platform components; telecommunications services, related to ensuring the upload of multimedia files, namely video files, audio files, image files and text files for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; streaming of multimedia data (via wireless means), namely, streaming of video data and text data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, live broadcasts of events and the game sessions process, statistical data regarding the list of events, coefficients, chances of occurrence of one or another situation, the amount of winnings, other financial statistics, as well as the results of current events and game sessions; telecommunications services, related to providing access for receiving electronic multimedia data on demand, namely video data and text data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electro-

nic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, broadcasts of events and the game sessions process that have already taken place, statistical data regarding the list of events, coefficients, chances of occurrence of one or another situation, the amount of winnings, other financial statistics, as well as the results of current events and game sessions that have already taken place.

42 – Technological services and research and design relating thereto; authentication services; design and development of computer software; computer system analysis; recovery of computer data; off-site data backup; research and development of new products for others; research in the field of telecommunications technology; duplication of computer programs; electronic data storage; electronic monitoring of personally identifying information to detect identity theft via the Internet; electronic monitoring of credit card activity to detect fraud via the Internet; providing virtual computer systems through cloud computing; providing information relating to computer technology and programming via a website; providing search engines for the Internet; installation of computer software; information technology services provided on an outsourcing basis; computer programming; conversion of computer programs and data, other than physical conversion; computer technology consultancy; telecommunication network security consultancy; telecommunications technology consultancy; Internet security consultancy; data security consultancy; information technology (IT) consultancy; computer software consultancy; computer security consultancy; website design consultancy; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access; writing of computer code; maintenance of computer software; updating of computer software; platform as a service (PaaS); user authentication services using technology for e-commerce transactions; user authentication services using single sign-on technology for online software applications; computer programming services for data processing; software engineering services for data processing; hosting computer websites; data encryption services; technological consulting services for digital transformation; conducting technical project studies; software as a service (SaaS); computer software design; design of prototypes; rental of web servers; rental of computer software; rental of data centre facilities; development of computer platforms; software development in the framework of software publishing; technical writing; creating and maintaining websites for others; creating and designing website-based indexes of information for others (information technology services); technological consultancy; ser-

ver hosting; technological services and research and design, which are related to computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; authentication services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; design and development of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer system analysis for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer system analysis of users of the B2B (business-to-business) computer software plat-

form, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; recovery of computer data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; off-site backup of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; research and development of new products for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; research in the field of telecommunications technology for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; duplication of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, note-

books, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; electronic storage of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; electronic monitoring of personally identifying information to detect theft of data of users of the B2B (business-to-business) computer software platform via the Internet, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; electronic monitoring of credit card activity to detect fraud relating to personal data, including financial data of users of the B2B (business-to-business) computer software platform via the Internet, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing virtual computer systems through cloud computing for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gam-

bling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing information relating to computer technology and programming via a website for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing search engines for the Internet for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; installation of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; information technology services provided on an outsourcing basis for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer programming for the purposes of further creating of computer software, computer programs, computer operating programs, computer soft-

ware platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; conversion of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, as well as data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, other than physical conversion; computer technology consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; consultancy regarding security of data of users of the B2B (business-to-business) computer software platform in telecommunication networks, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; telecommunications technology consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, moni-

toring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; Internet security consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; security consultancy of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; information technology (IT) consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; consultancy regarding computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer security con-

sultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; website design consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; monitoring of computer systems for detecting unauthorized access or breach of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; monitoring of computer systems to detect breakdowns for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; monitoring of computer systems by remote access for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; writing of com-

puter code for the purposes of further creating of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; maintenance of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; updating of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; platform as a service (PaaS) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for its usage by users of the B2B (business-to-business) computer software platform for the purposes of implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including,

but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; authentication services for users of the B2B (business-to-business) computer software platform using technology for e-commerce transactions regarding services in the sphere of functioning of online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; authentication services for users of the B2B (business-to-business) computer software platform using single sign-on technology for computer software, computer programs, computer operating programs, computer software platforms and computer software applications in online mode for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage for the purposes of implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer programming services for processing of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; software engineering services for processing of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; hosting computer websites for users of the B2B (business-to-business) com-

puter software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; encryption services of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; technological consulting services for digital transformation for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; conducting technical project studies for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; conducting technical project studies of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player – for third parties, which are not members of the above-mentioned computer software platform; software as a service (SaaS) for personal computers,

notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for its usage by users of the B2B (business-to-business) computer software platform for the purposes of implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; design of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; design of prototypes of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; rental of web servers for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; rental of computer software, computer programs, computer operating pro-

grams, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; rental of data center facilities, reserved for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; development of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; development of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, ga

mes where the result depends on mastery, skill of the player, in the framework of software publishing; technical writing for the purposes of further creating of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; creating and maintaining websites for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; creating and designing website-based indexes of information for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; creating and designing website-based indexes of information of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; technological consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning

process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; server hosting for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing of an online B2B (business-to-business) computer software platform for third parties, buyers and sellers of goods/services regarding the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player.
